

## 2 The unexplained

**Survey: Are you superstitious?**

1. Work in groups of four. Complete the top half of the table with superstitions. Use ideas from p. 22 in the Student's Book and superstitions from your own country.  
e.g. GOOD LUCK - finding a four-leaf clover  
BAD LUCK - walking under a ladder
2. Interview your classmates and complete the rest of the table by ticking the boxes if they believe in a superstition or by putting a cross if they don't.
3. Write a short paragraph about how superstitious each person is.

NAME ▼	GOOD LUCK			BAD LUCK		

Raymond is the most superstitious person in the group. He believes...
